MEDIA CENTER — Yoe High School now has a media center under the direction of Robert Maler. The center for various copying and classroom equipment is located in the former YHS Band office. These machines are for

copying and proofing various teaching materials. Others will be located in the center, on the second floor of Yoe gymnasium.

Flu Count Rises Over Long Holiday

T-DALE MAN DROWNS IN PRIVATE TANK

A 76-year-old Thorndale man drowned in a tank of icy water Monday night in Thorndale. Milam County Sheriff Carl Black said Gabino C. Martinez, 76, evidently slipped into the tank after dark while taking a short-cut to his home just outside of Thorndale. The tank is located at the north side of the Lytle Barnes house. Black said a passerby discovered Martinez' body in the tank early Tuesday morning. He said the man was fully dressed and appeared to have fallen into the shallow tank.

Martinez, who lived alone, was last seen in a Thorndale tavern about 6:30 p.m. Monday, according to Sheriff Black.

Justice of Peace Jesse Brock ruled death by accidental drowning after an inquest Tuesday.

Friends Program On Colonial Women

The January meeting for Friends of the Cameron Public Library will be 4 p.m. Tuesday, January 9, at the library.

Mrs. James Kahler will give the program on Colonial Women. Members of the Business & Professional Women's Club will be hostesses.

Schools Report 122 On Sick List

An illness, being diagnosed as "flu" and "upper respiratory illness" is reported to be on the increase in Central Texas during the past few days. Both Cameron hospitals reported an increase in admissions, mostly caused by the flu, and schools reported a higher percentage of absentees than normal.

A representative of the State Health Department checking with local hospitals Wednesday morning, said the reports of illness from a form of flu were area-wide. None of the cases reported in Central Texas have been of the Asian variety.

Cameron Public Schools reported 122 absent Wednesday, an increase over Tuesday. A routine telephone check indicated that most of the absentees were suffering from the light form of flu.

Harold Warren, administrator of Newton Memorial Hospital said they had more patients than beds Wednesday morning. He said 22 of their 37 patients were diagnosed as having flu.

St. Edward Hospital administrator said their admissions had increased, but added the illness was apparently a short one with many patients being admitted one day and released the next.

Health authorities anticipated more incidents of the respiratory illness as a cold front accompanied by freezing drizzle started moving into Texas late Wednesday.

Services Held For Mrs. Hefley; Bankers Widow

Mrs. Henry M. Hefley, a resident of Cameron for 55 years, died early Friday morning in a Cameron nursing home.

Mrs. Hefley was born in Caldwell, Texas. She was the widow of H. M. Hefley, a former president of First National Bank in Cameron. She was a member of the DAR, Sarah McCalla Chapter, and the Cameron Delphian Club.

Funeral services were at 10 a.m. Saturday at Marek Burns Funeral Home chapel. The Rev. Ben Pierce officiating. Burial was in Oak Hill Cemetery.

She is survived by a daughter, Mrs. W. L. McIntosh, Jr., of Cameron; a sister, Mrs. Helen Carroll of Houston; two brothers, Ben B. Hunt of Houston; and a grandchild, Drayton McLane, Hilliard Thomas, Gus Evans, Niley J. Smith, W. C. Wallace, Dana Kestenbaum and Make McDermott.

Honorary pallbearers were Albert Collins and August Gurecky.

Election Set For Elm Creek Board

Four men are up for election or re-election to the board of Elm Creek Watershed.

The election is scheduled Tuesday, January 9, at voting places in Yarrleton Red Ranger and Troy.

Four candidates are: A. C. Akeridge, E. A. Matula, Ladis Slavik and Edward Coufal.

Matula, Akeridge and Slavik are incumbent members of the Board.

Symphony Sets 1st Rehearsal Next Tuesday

The first rehearsal of the Central Texas Symphony Orchestra is scheduled 7 p.m. Tuesday, January 9, at Temple's Cultural Activities Center.

Bob Thomas, music director at Central Texas College, Killeen, and symphony conductor, will direct the first practice for an anticipated 60 players at CAC's Marshall Hall.

The Symphony, one of the few in the nation based in a city under 50,000 and attempting to serve a basically rural area, seeks string instrument players, including violin, cello, viola and bass.

Players of college age and adults are invited to attend the rehearsal, first of a series prior to spring concerts in Temple and five other tentative dates in Cen-Tex towns in about six counties.

Players may contact Thomas at Central Texas College, Killeen, Mrs. J. P. Bloomer, of Belton, or Mrs. R. E. Wendland, of Temple.

Louis and Adele Galanffy, noted Central Texas piano duo, are scheduled to make several appearances with the symphonic group.

The Symphony has about 10 sections, including violin, viola, bass, cello, percussion, woodwind, and brass. Players interested in joining the orchestra are invited to attend the January 9 rehearsal. Some high school age musicians will be considered for auditions, Thomas said.

The Central Texas Symphony held two concerts in 1966, and is reorganizing for concerts in a six or seven-county area. A concert schedule is now being arranged.

'68 First Baby Arrives Jan. 3

A 6 pound 6 ounce boy arrived early Wednesday to be dubbed Cameron's first baby of 1968.

He is the son of Mr. and Mrs. Henry Alvin Praesels, 711 Rockdale Road, Rockdale, and was born at 5:12 a.m. January 3 at St. Edward Hospital. The Praesels have four other children, a 20 year-old daughter and three sons ages 19, 11 and 3½.

Gifts for the new baby and his parents will be presented by E. O. Schiller Pharmacy, Chamberlain Meat Co., Springer Cleaners, Penney's, Culeper Furniture and The Leader.

Drilling Resumes In Milbur Field

By Lloyd Albertson

Drilling activity in Milam County, at a standstill during the holidays, has started at a fast pace after New Year's, with three earlier scheduled wildcats preparing to drill.

B & B Contractors, of Milano, were moving in the fast of their equipment on Wednesday to drill a 3,900 foot Basal Wilcox wildcat about five miles east of Milano.

Location will be on the old G. W. Burkett Estate tract now owned by the Bonorden family in M. Moro Survey. Drillsite will be a short distance south of the Missouri Pacific Railroad line. It will be about nine miles northeast of the Milbur Field and will attempt to extend the field in that direction.

Dick Schwab, a Houston operator, will drill the wildcat, which will get underway as soon as wet grounds permit.

Frio Petroleum Company of Houston last week scheduled another 3,900 foot basal Wilcox wildcat for the south Milam area. It will start operations in two or three days. It will be the company's No. 1-W. H. Huley, Jr. located on a 150 acre lease in John Dunlap Survey approximately five miles southeast of Milano and about the same

distance northeast of Milbur Field production.

On the other side of the county the No. 1 Ernest Brod, to be drilled by W. H. Mahan, a Waco operator, reportedly will start in a few days. Location of the Brod is on a 52 acre lease in J. A. de Pena Survey and about three and one-half miles southeast of Buckholts.

This wildcat, which was scheduled in mid-December, is permitted to 1,700 feet and has the Buda line as its objective.

In other activity, storage tanks were moved in last Friday for two wells recently drilled on the Bickett Estate land just off the Hanover road southeast of Cameron.

The two tests early this week were waiting on power line to be run in to the drillsite and put on pump. Production will be from the Navarro at about 540-550 foot depth. Several tests have been drilled on this acreage in the past two years.

Ducks Nip Yoe In Rockdale Tourney

The Fighting Yoemen fell to the Taylor Duck varsity in the first game of the Rockdale tournament for the Yoemen. The Ducks had created a 12-17 lead by the end of the first quarter, and when the boys retired to the dressing rooms at halftime, the score stood at 26 to 34.

Up to this stage of the game, Wayne Kirk, usual cage star, had been having a rough time against the Taylor defense. When the third period came to an end, the Duck lead had been extended to 56-33, and Kirk was still trying to cut loose from Duck defenders.

But a fourth quarter hot streak arrived and Kirk came through in true form. Despite the combined efforts of Yoe stars Dennis Chapman, Glenn Fogle, Charles Buchanan, Johnny Steamer, and Tommy Terrell, the Cameron courtiers couldn't pull off a victory.

On the scoring list, Terrell came shining through as he compiled 14 big points. The only other Yoeman to hit the double column as to points was Kirk with 12.

Other Yoe net-shakers were Charles Maddox with 7, Chapman 6, Jim Lafferty, Mike Miller, and promoted B teamer Johnny Steamer 4 each, and Buchanan 3.

Rep. Brooks, Wife Injured In Collision

An automobile accident near Silsbee Tuesday resulted in injuries to Rep. Jack Brooks and his wife Charlotte as they were returning to Beaumont from their farm near Jasper. Their car collided with another vehicle on a farm road.

Mrs. Brooks suffered bruises and a cut on her forehead and Rep. Brooks suffered a broken left hand. Their son, Jeb, and the driver of the other car escaped apparent injuries.

A brief statement of the nature of this suit is as follows, to-wit: suit for title to and possession of 26.33 acres of land out of the John Dunlap Survey in Milam County, Texas, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Cameron, Texas, this 3rd day of January A.D. 1968.

Attest: Grady Allen Clerk, District Court Cameron, Milam County, Texas

Yoe Looks Back

By Fritz Pratt

As 1968 begins, Cameron students look back on the sports achievements of the Yoemen. In the '66-'67 school year when Cameron students returned to class on January 2, 1967, the Yoemen basketballers were rounding out a fine season. The season record was 6-13 while the district listing was 2-6.

Yoe courtiers were led by captains Jack McKinney and Don Mitchell. Mitchell received All-Tournament honors in the Round Rock tourney. Scoring leader of the Yoemen for the 1966-67 season was Wayne Kirk with a total of 283 points.

The Yoe B team also finished cage action as 1967 began. The junior varsity courtiers tallied a 5-8 season record. In varsity post-season selections Kirk was tabbed All District 1st Team post. Mitchell was shosen All District 2nd Team guard.

Next on the roster came track. Yoe tracksters traveled to meets in Pheasant Hillsboro, Marlin, Rockdale, Waco, as well as the renowned Cameron Relays. Several Yoemen took honors during the season.

Paul Chandler took top honors by going the length of the running season (8 meets) without taking a defeat in the mile-run department. His first places included a win at district and regional meets.

Leo Michalka took five first place medals in the 440-yard dash during the '67 season. He took a third place also in the 440, as well as participating in the District 17-AA champion mile relay team. Other members of this team, which also won the mile relay in the Cameron meet, were Jim Lafferty, Paul Chandler, Bill Goeke and Glenn Fogle.

Wayne Kirk also became a top figure on the Yoe track team as he placed first in three meets in discus throw. He took first place in District 17-AA, went on to do the same in Regional, and finished his season with a third place medal from the state meet.

Another outstanding Yoe trackster to pull in honors was Mike Miller as he took third place at the Midway Relays and a first place medal in District 17-AA shot put competition.

Glenn Fogle took "High Point Man" honors in the District 17-AA meet by tabulating 35 points.

Enough for personal laurels. As a whole the Yoe track team did well. For the first time in 32 years, Cameron won their own relays. In district competition, the Yoemen posted four other first place finishes. They tallied 169 points and qualified nine boys for Regional competition. Chandler took the mile run and Kirk won the discus toss at the Regional Meet and these boys went on to take positions in State races.

Two-a-days took up in August of '67, and fans warmed to the idea of football as the Yoemen prepared for battle. Gloom smacked hard on the boys as they fell to the triple A clubs of Taylor and Rockdale. Preserving the district titles of past years appeared difficult as Yoe

efforts were not enough to down Rosebud and Georgetown. Suddenly, the Yoemen hit the win column as they smashed the Copperas Cove Bulldogs.

Cameron became more famous with each game. District opponents fell to the sides as Yoe gridsters marched over Hearne, Caldwell, Navasota, and second-place Giddings. Del Valle Cardinals met the Cameron squad in bi-district with a touted defense which had allowed an average of 3 points per game. The Yoemen were defeated in that contest, but the District 17-AA title was still in Yoe hands.

All-District 1967 selections were made, and eight boys placed on either the first or second teams. Both the first offensive and defensive teams had five Yoemen on them. Four of these five were the same, as Wayne Kirk, Glenn Fogle, Jim Lafferty and Dwight Jekel went both ways. Kirk took fullback and defensive end, Fogle took quarterback and safety, Lafferty offensive end and defensive halfback, and Jekel took center and defensive tackle.

Other Yoemen to fill first team positions were Dennis Chapman, who was tagged linebacker on first defense, and James Dohnalik, who filled first team offensive guard and second team defensive linebacker.

Two Yoe varsity "rookies", Ronnie Richardson and Bill Perrin, both sophomores, were named to the All-District second teams.

In a recent announcement Wayne Kirk was named All-Cen-Tex first team defensive end.

Now, in the middle of another basketball season, the Yoemen again face another year - 1968. Hopes arise in the Yoemen. Will they win district in basketball? Can they take the District Meet title in track once more?

It all depends - it depends on whether they keep putting out to the utmost as they have been doing, or if they lose their drive. I think Yoe fans can put their faith and pride in their boys! Good Luck in 1968, Yoemen!!

City Library Gets Book About Texas 141st Inf. Division

A book about the 141st Infantry Regiment in World War II, "Five Years - Five Countries - Five Campaigns", has been given to the Cameron Public Library by the 141st Infantry Division Association. The publication was printed in Munich, Germany, after the end of hostilities in World War II, out of the funds of the Post Exchange. The plan was for each surviving member of the regiment and the families of all who gave their lives, to get a copy.

The regiment was shipped back home before distribution of the books could begin and although many of them have been placed through reunions, some copies were unclaimed and these are being distributed to libraries in Texas with representatives of the 141st.

Rockdale B Team Tops Yoe Varsity

Yoe varsity roundballers fell to host Rockdale B team in the second game of the Rockdale tourney for the Yoemen.

At the end of first quarter play, the Tigers led 22-14, but shortened their lead to 33-23 by halftime. A third quarter burst put the score at 46-39, and when the boys walked off the court, the score was 72-60.

Tops on the scoring list was Al Hefft, who has been nursing a leg injury lately. Hefft sank 12 points, with 10 coming on field goals. Second highest scorer was Tommy Terrell with 9, followed by Kirk 8, Fogle and Lafferty 7 each, Miller 6, Steamer 5, Chapman 4, and Maddox 2.

Frantic attempts to hold down the Rockdale courtiers gained the Yoemen only fouls, as six Yoemen fouled out to push the team total to 37.

Yoe cagers had a good night at the free throw line as they sank 43 percent of their free shots.

Youth Garner's Tennis Honors

Twelve-year-old Bill Matyastik of Waco, grandson of Mrs. W. P. Matyastik of Cameron, has achieved recognition for his activities in the tennis world this past summer and fall.

During the summer he won first place in the 12-year singles division of the San Angelo, Dallas, and Austin open tournaments; he was runner-up in the Abilene open, the Texas open (Sectional) at Fort Worth; and the Pierremont Oaks Invitational at Shreveport, La. He also won first place in doubles competition at Pierremont Oaks.

Z. N. Morrell Early Preacher

(Continued from last week, a Herald staff article on Z. N. Morrell, Texas pioneer minister who organized the Little River Baptist Church in 1849 as well as other Baptist churches around the state. His autobiography "Flowers and Fruits in the Wilderness" is now available for loan at the Cameron Public Library, Ed.)

During his early years in Texas Morrell and his son were traveling to San Antonio when they crossed the trail of Cordova and some Indians. They learned the gunfire they heard was the battle of Plum Creek.

To finance his ministry, Morrell operated a store and farmed, but later sold the store because it interfered with his preaching. Several inventions, including the first planting machine which mechanically planted and harrowed corn, were developed by Morrell during his farming days. He failed to realize any return from the inventions because he maintained they had taken time from his ministry.

and Austin. In July he played in the National 12 and 14 year Championships held at Chattanooga, Tenn., losing in split sets in both singles and doubles to finalists.

Bill has played in four tournaments since the start of school in the fall. He won second place in the 8th grade boys singles division of the Abilene Halloween tourney; first place in the 8th grade boys division of the Garland Junior High fall tourney, avenging his loss in the Abilene tournament by defeating Graham Whaling, who is 13 years old and was ranked first in Texas in 1966 in the 12-year division.

He won first place in the boys 14 year singles division of the Dallas Junior Fall Championships; first place in boys 12 singles in the Corpus Christi Thanksgiving tourney.

Capping his honors won in '67 was an invitation to play in the Sugar Bowl Junior tennis championships in New Orleans Dec. 28-31, where entry is by invitation only. He also plans to play in the Orange Bowl Junior Tennis championships in Coral Gables, Fla., December 24-28.

Bill is an eighth grade student at University Junior High School in Waco, where he plays the trumpet in his school band and is an "A" student. His parents were both 1950 graduates of Yoe High School.

What Will New Generation See?

The Cameron area's first 1968 baby was born in a local hospital. And what a world the child and his generation will see.

It is said that computers and rockets and electronics of unbelievable complexity and efficiency will control the lives of people in the 21st Century.

There is, in fact, a program of news commentary on television called "21st Century." It was not long ago called the "20th Century."

Imagine transplanting the human heart. They do it now. What will be the medical advances of another 80 years?

Imagine lifting oneself with a brace of jets on the back into solitary flight. They, experimentally, do it now. What will be transportation achievement of

the 21st Century?

Imagine living to be almost 80 years old, each of us. They are doing it, on the average now. What will the life span be in another generation?

Imagine orbiting the earth and landing satellites on the moon. They are doing it now. What galaxy beyond ours will be visited in the 21st Century?

Imagine the leisure time available to people of the year 2,000. They are enjoying 30 and 35-hour workweeks in some fields now. What will be the sports interest of the next century?

Maybe it will be telenathic chess and instant transmission of thought waves by the generation born this New Year.

What would your guess be of the Year 2,000?

OUTDOORS IN TEXAS

By Vern Sanford

No animal that roams the woods commands as much respect as Mr. Skunk. Since he is blessed with perhaps the best defense system of any creature, both man and animal give him plenty of room.

That is, all except the great horned owl. This animal, now and then, enjoys dining on tasty skunk. Obvious, the owl has no sense of smell and could care less about the odor.

But all other animals treat the skunk with great respect. And well they should! Any animal that strays close is likely to be felled with that strong-smelling, familiar odor that can linger for weeks. Give the enraged skunk a wide berth.

His defense system consists of a pair of scent sacs located at the skunk's rear. There is one on each side of the rectum. They are em-

bedded in powerful muscles which, when constricted, can spray the strong "perfume" for 16 feet or more. This yellow liquid is deadly at 10 feet and dangerous at almost twice that distance.

Contrary to what you might have heard, just because a skunk has unloaded at you once doesn't mean he is out of ammunition.

A skunk can fire six consecutive times without reloading. Although the initial burst may be only three or four drops, that's enough to douse an animal or man with enough odor to last for a couple of weeks or longer, especially in damp weather.

Nature has a way of taking care of her young. With the skunk, the smelly spray is his only defense. Otherwise, he is a timid creature that roams mostly at night. It isn't unusual to find skunks after dark downtown in some of our largest

cities.

Although there are several species of skunk, the most common is the black one with the broad white stripe running down his back the full length of his body and tail.

There is no surefire method of removing this tell-tale skunk odor. His spray contains an ingredient chemically known as n-butyl Mercaptan. It contains sulfur. One of the best antidotes, I'm told, is washing the recipient in liberal amounts of tomato juice.

As for doused clothing, about the only alternative is to either burn or bury them. Even then some of the odor seems to linger on. When it comes to smell, nothing can compare to the skunk.

In Texas, skunks breed in either February or March. After a gestation period of 63 days, a litter is born. Usually they number from three to seven small skunks, with the average being about five. The young remain in the nest until their eyes are open and they are strong enough to follow their mother.

Action-Packed Year Seen For Texas Political Races

By Vern Sanford

Any way you look at it, 1968 shapes up as the most action-packed political year for Texas in more than a decade.

It will start with a wide-open governor's race in the Democratic primary perhaps the roughest since 1956. Also, there may be some other close races for less exciting offices. And of course, the presidential battle will hold the November general election spotlight. If Texas Republicans make good their theatre to field a strong candidate for governor, and it seems they will, there will be plenty of action on that front almost the year around.

There is no sure way of predicting at this point whether U.S. Sen. Ralph Yarborough, Lt. Gov. Preston Smith, Secretary of State John Hill, former Atty. Gen. Waggoner Carr, Dallas radio man Gordon McLendon, Houston attorney Don Yarborough or an unheralded dark horse will emerge the Democratic nominee for governor. Neither is it clear who the Republicans will put up to oppose him. Congressman George Bush of Houston? Sen. John Tower? An unknown?

While Texas national Democratic convention delegates obviously will be pledged to support President Johnson, state Republican leaders have not tipped their hands as to their favorite candidate for nomination.

Although the winners can't be picked in advance, red letter dates can be marked on the 1968 political calendar. Here are the main ones:

- February 5 - Last day for filing as candidate in primaries.
- May 4 - First primary election and party precinct conventions.
- May 11 - County party conventions.
- June 1 - Second primary election.
- June 8 - State conventions to pick national convention delegates.
- September 17 - State conventions to pick Texas party leadership (executive committees) and write the state party platforms.
- November 5 - General election.

Remember that, to participate in any of the action, you must register (it's free) with the county tax assessor - collector or authorized deputy by January 31. Registration is simple and can be accomplished through the mail on forms provided by most newspapers.

ATTORNEY GENERAL RULES
State Welfare Department can pay medical aid directly to recipients of services or to physicians, Atty. Gen. Crawford C. Martin has held.

In other recent opinions, Martin concluded that:
—An anhydrous ammonia pipeline is subject to jurisdiction of the Railroad Commission.

—A qualified agricultural engineering major can be licensed as a professional engineer.

—Cochran County Memorial Hospital District can pay expenses of sending needy persons to outside hospital facility where it cannot discharge its full responsibility to provide adequate medical care.

—Requirement of newspaper advertisement (or posting) to take competitive bids does not apply to county expenditures for purchase of equipment for general use by

the county payable out of current funds. Where the county wants to make a contract under competitive bidding requirements, bids must be stated in terms of gross price without "trade-in". However, county commissioners may ask for trade-in data and consider it in awarding the contract.

COURTS SPEAK
A Negro mathematician at the spacecraft center in Houston who had a plate yanked out of his hand by a private club manager is entitled to \$900 in damages for "battery", State Supreme Court agreed. Decision reversed lower courts.

Fourth Court of Civil Appeals, in a Webb County case, agreed the state has the right to regulate picketing in labor - management dispute. Labor group unsuccessfully attacked a ban against more than two pickets at a time within 50 feet of the struck establishment or other pickets.

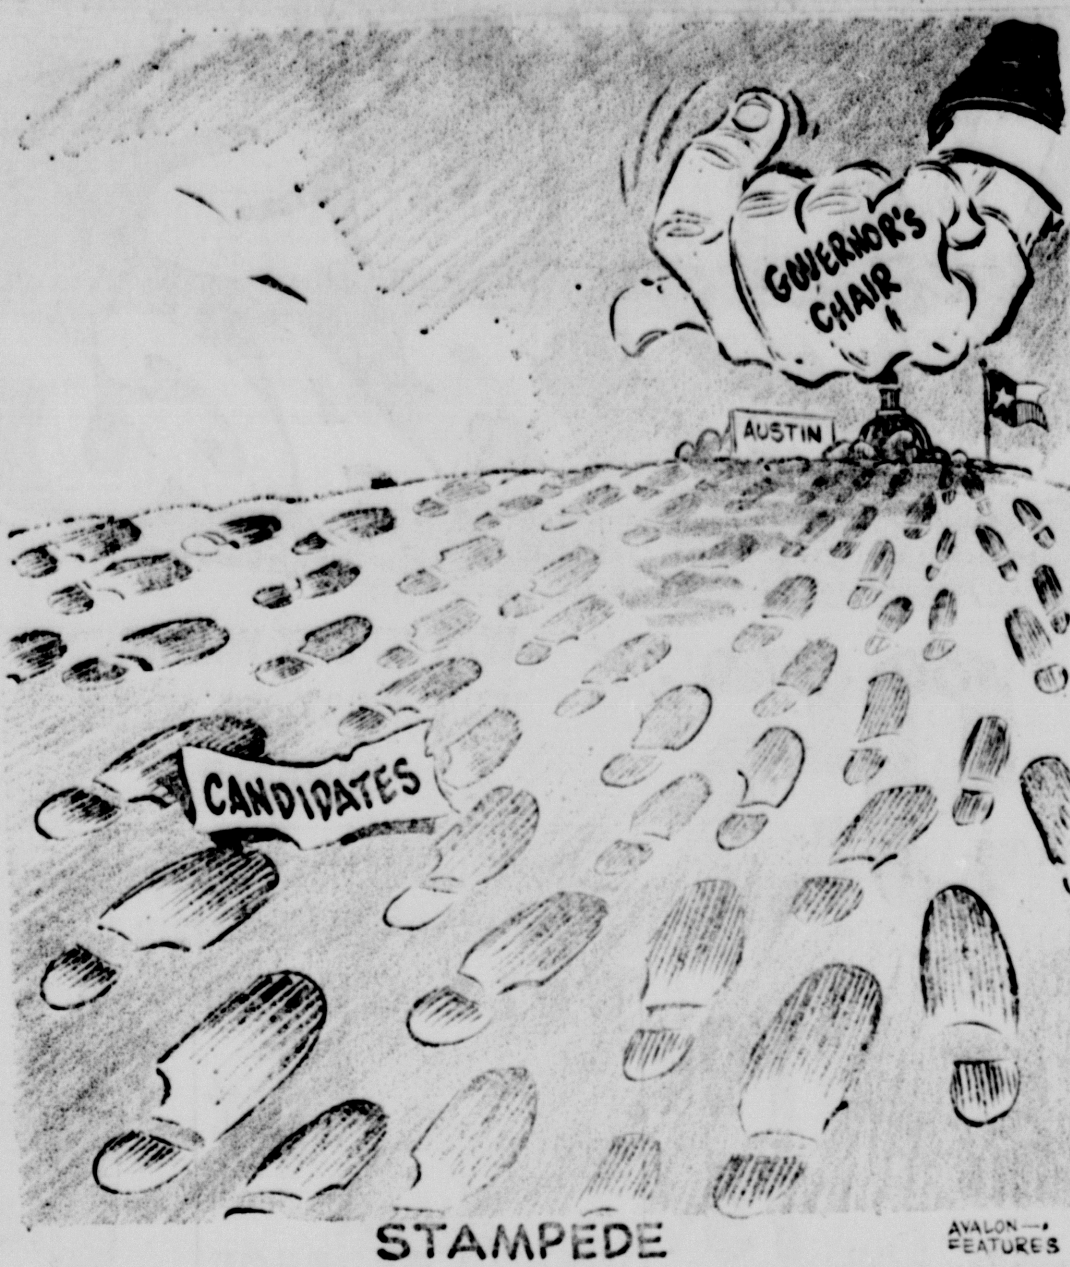

APPOINTMENTS ANNOUNCED
Gov. John Connally announced appointment of Lawrence Miller Jr. of Dallas and George R. Bolin of Houston to Texas Real Estate Commission. He also appointed McLennan Co. Court at Law Judge Derwood Johnson of Waco as Judge of the 7th Judicial District Court.

Governor placed Dr. J. Robert Baier of Houston on the Texas Board for Chiropractic Examiners and reappointed Dr. Charles E. Courtin of San Angelo and Dr. C. T. Harkey Jr. of Victoria.

Miss Wathena Douglas of Midland was named to the State Board of Hairdressers and Cosmetologists.

COOPER DAM ROW RESOLVED
Controversy with federal authorities over Cooper Dam and Reservoir (Sulphur River in Northeast Texas) has been resolved to the state's interest.

New contract omitted the controversial water quality requirements, according to Joe G. Moore Jr., executive director of Texas Water Development Board.

OLD PHILOSOPHER

Dear editor:
I know that cities have about all the problems they can handle and then some. The city problem has now pulled up alongside the farm problem, so I hate to report on the latest scientific discovery I ran across at the bottom of an inside page of a newspaper I found under a pile of tin cans and Christmas wrappings in the ditch near my Johnson grass farm out here yesterday.

According to this article, a new bug has been discovered in Australia that eats up paved roads.

That's right. The bug, so small it takes a microscope to see it, can consume matter equal to its own weight every five seconds and can multiply into 17 million in 24 hours. Its favorite diet is blacktop roads.

It eats the oil out and the road then gradually falls apart, scientists have discovered. Miles of roads in Australia have been ruined by the bugs.

I have been claiming all along that insects are smarter than men, that every time man comes out with a new insecticide, the insects come out with a new insect, and this sure bears me out.

The way I figure it, the insects have been noticing that more and more farm land is being paved, put into highways and city streets, and suburbs and shopping centers - hundreds of thousands of acres a year according to the latest estimates - and they said, "Look, if this keeps up, there's going to be less and less crops for us to work on, we got to find a new source of supply," so they've come out with an insect that thrives on pavement.

I feel sorry for the city people. Get this roadbug started in the United States and no telling what will happen to city streets. A lot of which already are in pretty bad shape. It'd take a mighty hungry bug to attack some of them. And after they finish with the streets, you know they'll start on the concrete foundations of buildings.

There are times when I feel like we ought to let up on the moon

plishment.

This 183-page volume is illustrated with color photographs and reproductions of historic documents. It was written and produced by the Texas Legislative Council in cooperation with the State Highway Department, at the direction of the 1965 Legislature.

for awhile and get to work on our problems on earth, although if scientists can't do any better at fighting insects than I have out here on this Johnson grass farm, I don't blame them for trying the moon.

Yours faithfully,
J.A.

VARIETY COUNTS PERSONALS— IN CONTAINERS FOR ARRANGING

Mrs. Alvin L. Dusek was hostess at her home when the Civic Garden Club met for their December meeting. Mrs. W. R. Newton, Sr. assisted as co-hostess.

The Dusek home was in festive decor. Mrs. J. A. Polwing poured punch at a table laden with sandwiches, cookies and candies.

The special program for the day was introduced by Mrs. W. E. Falkner, program chairman. She presented Mrs. Roosevelt Dentler from the Taylor Garden Club who showed and spoke about "Unusual Containers for Flower Arrangements". She included a variety of containers created from such items as car horns, plow sweeps and shovels and discarded sink drain pipes, stressing that it is not necessary for flower arrangers to invest in expensive containers.

She emphasized that a blue ribbon winner in flower arranging must have creative ability and imagination to put to use available materials. She also shared seeds from some of her dried materials, of plants which are not common in our area.

Mrs. J. A. Bowline presided for a short business session. The club voted to honor her by placing her name in the President's Book of Texas Garden Clubs, Inc. at headquarters in Fort Worth. Note cards, with authentic scenes of wild flowers in Texas, were distributed to be sold as a state project for clubs.

Special guests for this meeting were Mrs. Joe J. Heitman and Mrs. George Hartsfield.

After the meeting, members gathered at the Texan Cafe where they enjoyed a buffet luncheon. The table was appropriately decorated for the holiday season. Mrs. R. G. Graebin was chairman for luncheon arrangements.

Holiday guests in the home of Mr. and Mrs. Niley Smith Sr. included Mr. and Mrs. Robert Smithwick of Richardson, Mrs. Graves Darby of Waco, Mr. Smith Mercer of Houston, and grandsons, Judson Smith, a student at Texas A&M and Steve Smith, a student at SMU.

Spending Christmas with Mrs. J. L. York were all of her children: Mr. and Mrs. H. C. Miller of Arlington, Mr. and Mrs. R. M. Moore of Bryan, Mr. and Mrs. L. York of Houston, and Mrs. R. O. Shaw and children Donna, Marilyn Sue and Rickey of Cameron, her granddaughter and husband, Mr. and Mrs. Autry Tucker and two great grandchildren, Jimmy and Kay.

Miss Aileen Griswold returned to Dallas after spending the Christmas holidays with her mother, Mrs. R. A. Griswold.

Mrs. Leo Hollas and Kathleen were in Houston the past weekend where they visited their son and brother, Lee Hollas and wife.

Rites Sunday For Mrs. Senkel

Mrs. John Senkel, 63, died in a local nursing home at 3:40 a.m. Saturday. She was born December 15, 1904 at Crossroads in Milam County and had lived in the county all her life.

Funeral services were at 3:30 p.m. Sunday at Marek Burns Funeral Home with Rev. Ben Pierce officiating. Burial was in Oak Hill Cemetery.

She is survived by her husband, John Senkel of Cameron; one daughter, Mrs. Doris McCullin of Cameron; and two grandchildren.

Pallbearers were Joe Anderson, James Patzke, Grover McCullin, Roy Patzke, Elmo Kieschnick and Gene Shafer.

The engagement of Miss Nancy Jane Baggett to John Terrence Richards, II, was announced by the bride-elect's parents, Mr. and Mrs. E. B. Baggett, at a Christmas buffet at Salado Country Club with members of the immediate family attending. Mr. Richards is the son of Dr. and Mrs. John T. Richards of Rockdale. A June wedding is planned.

Chickens, Potatoes Top Plentiful Foods List For January Menus

COLLEGE STATION

What's for January? Lots of chicken, says the Texas Agricultural Extension Service.

Broilers top the foods plentiful list this first month of 1968. Adding to the bounty are potatoes, grape juice, fresh oranges and grapefruit, dry split peas and eggs.

Although broiler-fryer supplies are not expected to equal that of this time last year, you can expect an abundance. Offerings have been running extremely high.

Potato production is also heavily-laden above last year's crop and 16 percent above average, according to the U.S. Department of Agriculture.

Although size of this season's grapefruit and orange crops is down from year-ago production, supplies will be plentiful all month, says USDA's Consumer and Marketing Service.

Volume of dry split peas during 1967 ran about 11 percent above the previous year. Smaller exports also are expected to increase the available domestic supply.

'Mini Milo 50' New Grain Crop

By J. D. Moore

Information concerning a new grain sorghum variety called "mini milo 50" appeared in a recent editorial of a farm magazine. The following information was taken from the crops and soils magazine published by The American Society of Agronomy.

"Mini milo" resembles something between a grain sorghum and a cereal grain, according to the Northrup King Company, the variety tillers profusely like grass, averaging five or six tillers a plant.

The sorghum - like head and grain are slightly smaller than currently available varieties of sorghum.

Plant breeders say the characteristic earliness of this hybrid could push the sorghum belt northward.

Mini Milo is ideal for double cropping in the southern areas. In Texas and California trials, mini milo 50 bloomed in 35 days after planting - about a week earlier than currently available sorghums. In Minnesota trials, it bloomed in 45 days. Similar results were obtained as far north as Minot, North Dakota.

Because of its small size, this new hybrid should be managed much like a small grain crop. Northrup King plant breeders recommend planting with a grain drill or planting in very close rows. Its short height - 36 to 45 inches, makes combining easy. Yields ranged from 40 to 70 bushels (2240 to 3920 lbs) per acre in test trials.

From the foregoing information it is obvious that mini milo 50 was produced with characteristics conducive to an early crop needed in sections of the country with shorter growing seasons. However, there is a possibility this type of grain sorghum might be used in a double cropping system, catch crop, or in a conservation program.

The yield is not high enough to meet our county goals.

FARMERS TAX GUIDE

The 1968 edition of the income and self-employment guide is available at the county agent's office. This edition of the Farmer's Tax Guide will help you prepare and file your 1967 Federal income tax return. An explanation of the provisions of the tax law, applicable to farmers, is given in everyday language. To show how these rules apply to actual farming situations, examples are used in the guide. You may have a copy at your convenience.

ASCS News

By Alva E. Sanders

Recent legislation provides for lease and sale of peanut allotment, effective for 1968 and 1969 crop years.

The owner and operator (acting together) of any farm for which a peanut acreage allotment is established may transfer by sale or lease peanut acreage allotment to any other owner or operator in the same county.

Conditions for such a transfer of acreage are:

1. Leases may not exceed 3 years.

2. Not more than 50 acres of peanut allotment may be transferred to a farm by sale or lease.

3. No allotment may be transferred from a farm which is subject to a mortgage or other lien unless the transfer is agreed to by the lienholders.

4. Receiving farm need not have a peanut allotment to receive peanut acreage by sale, lease, or transfer by owner.

5. No transfer will be effective until a record of the transfer is filed with the county office and the committee determines that all conditions of transfer have been met.

The date for accepting applications has not been released as further instructions and determinations are necessary before the actual transfers will be effected.

IN MEMORY OF OUR

BIG DADDY, MR. I. N. WEST

WHO DIED 12-21-67

Should you go first and we remain To walk the road alone,

We'll live in memories garden, Dear,

With happy days we've known. In spring we'll wait for roses red,

When faded lilacs turn blue. In early fall when brown leaves begin to fall,

We'll catch a glimpse of you. Should you go first and we remain For battles to be fought

Each thing you've touched along the way Will be a hallowed spot.

We'll hear your voice. We'll see your smiles, tho blindly we may grope.

In memory of your helping hand, Will buy us on with hope.

Should you go first and we remain One thing we'll have you do, Walk slowly down that long, long path.

For soon we'll follow you. We want to know each step you take.

So we may take the same For some day down that lonely road.

You'll hear us call your name. Your Foster children,

Weldon, Veima, and Leonard Black

THE CHURCH FOR ALL . . .

. . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

There she was—blue eyes, rosy cheeks, thirty-five pounds of joy bundled up in a warm, wooly snowsuit. How could I resist her request—even if the ironing weren't done, and there'd be no pie for dinner. I pulled on my parka and went outside to join her.

We walked through the frosty winter world together and I seemed to see it anew through the eyes of a three-year old. Our commonplace street was miraculously frosted and furnished in silvery whiteness. From every corner beauty sparkled and shone.

And then we came to our church. It looked like a beautiful Christmas card, with the snow glistening blindingly from icy windows. Susie exclaimed, "Oh, Mommy, look—God is shining through!"

"Through the eyes of a little child" . . . this thought rang through my head, and I prayed that God's presence would always shine for her through the windows of God's Church.

IRS Questions

This column of questions and answers on Federal tax matters is provided by the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q — Are there any changes in the tax law I should be aware of when I file my 1967 income tax return?

A — The filing requirements for 1967 returns are little changed from what they were a year ago. Perhaps the major change concerns the handling of medical deductions.

All taxpayers itemizing medical deductions on 1967 returns will be subject to the same 3 percent and 1 percent income limitations. Previously, taxpayers 65 years of age and over could deduct all of their allowable medical expenses, not just those in excess of 3 percent of their adjusted gross income.

Another change in the medical deduction area concerns premiums paid for medical insurance. On 1967 returns, one-half of the premiums paid for this insurance may be deducted without regard to the 3 percent limitation. The maximum that may be deducted under this provision is \$150. The balance of the premiums paid should be added to the taxpayers' other medical expenses subject to the 3 percent rule.

Insurance premiums paid for supplementary benefits under "Medicare" are covered by this provision but not that portion of the Social Security tax withheld from wages for Medicare.

These changes in the medical expense area are explained on page 7 of the 1967 instructions. To avoid errors that could lead you to underpay or overpay your taxes read the instructions before you file.

Q — Where can I get 1967 tax forms?

A — Most taxpayers should receive their income tax forms in the mail early in January. Additional copies of the forms will be available in post offices, local IRS offices and many banks.

Q — I inherited some stock from my grandfather's estate and later sold it. Do I have to report anything on my tax return?

A — Yes. You will have a capital gain or loss measured by the difference between the sale proceeds and the fair market value of the stock at the date of your grandfather's death. The transaction should be reported on Schedule D and attached to your Form 1040.

Q — I was married last month. Since my name has changed do I also have to change my Social Security number?

A — When your name is changed, you should notify your local office of the Social Security Administration as soon as possible. Your number will not be changed, but your record will be corrected to reflect your married name.

Q — I'm a full-time college student and my parents claim my exemption on their tax return. If I file for a refund of taxes withheld on a summer job, will they lose their exemption for me?

A — No, your parents will not lose you as an exemption, provided the necessary dependency tests are met.

Q — Are gifts ever taxed?
A — There is no Federal tax to pay for the recipient but the giver may have to pay a tax if the gift is sizable. The law generally requires a tax return to be filed by the donor when a gift or gifts to any one person during the year exceed \$3,000. However, income earned on gifts is taxable to the recipient.

Q — I sold my house just a month or so before my 65th birthday. Does that mean I won't be entitled to the special benefits for the elderly on those sales?

A — To qualify for these special benefits you must be 65 or over before the date of sale or exchange.

Q — Do you have to report an income insurance compensation for injuries received in an auto accident?

A — No, damages for injuries suffered in an accident are tax free.

Q — Who has to file a tax return?

A — A return must be filed by every person under 65 who has gross income of \$600 or more during the year. For those 65 and over, a return does not have to be filed until gross income reaches \$1,200. However, if you are self-employed you must file a return if you had net self-employment income of \$400 or more, even though your gross income was less than \$600.

The filing requirements also apply to minors. If, for example, a child has income of \$600 or more from a savings or trust account or any other sources, then a return must be filed on behalf of that child.

Rites Held For Edward Junek

Edward Junek, 64, of Cameron died Wednesday, December 27, in a Cameron hospital after a long illness.

He was born March 2, 1903, in Washington County and had lived in Milam County for the past 65 years. He is a retired farmer.

Surviving are five daughters, Mrs. John Eisfeldt, Miss Tilda Junek, Mrs. Alvin Eisfeldt and Mrs. Harding Rummel, all of Cameron; and Mrs. Eugene Jistel of Wilmer; five sons, Marvin Junek and Eugene Junek, both of Cameron; Walter Junek of Buckholts and Leonard Junek and Elmo Junek, both of Iowa; two sisters, Mrs. Emma Kettler of San Angelo and Mrs. Otto Urban of Houston; 23 grandchildren and eight great grandchildren.

Funeral services were at 2 p.m. Friday at Green's Funeral Home chapel in Green, the Rev. Clifford Wierth officiating, assisted by Rev. Ben Pierce. Burial was in Oak Hill Cemetery.

Paliborers were grandsons and nephews.

Film On Smoking For Cameron PTA

Cameron PTA will meet Thursday (tonight) at 7:30 p.m. in the Ben Milam Cafeteria. The program will feature a film on smoking.

Refreshments will be served and baby sitting will be available.

Your Serviceman

Boatswain's Mate Second Class Lester J. McCulloch, USN, son of Henry L. McCulloch of Cameron, is serving as a crewmember aboard the amphibious flagship, USS Eldorado.

The Eldorado was recently presented the Meritorious Unit Commendation for its conduct during a recent deployment in the Western Pacific. Operating with the Amphibious Ready Group, the ship participated in 12 actual combat assaults on Vietnam beaches.

The ship's duties required it to process massive quantities of messages, and operate at high speeds with little time for upkeep.

THE FAMILY LAWYER

"I Saw Daddy Hit Mommy"

Repugnant, to be sure, is the
idea of putting a child on the wit-
ness stand and asking him for
unsavory details of his life at home.
Besides the embarrassment, he suf-
fers the anguish of having to side
with one parent against the other.
Yet what if Daddy really did
hit Mommy—and the child is the
only one who saw it? Obviously,
here is eyewitness evidence that
the court won't get except from
the mouth of the child.

Should such testimony be al-
lowed? May the child of a divorc-
ing couple be asked to tell what
he knows?

To start with, the child, to testify
at all, must be old enough and in-
telligent enough to qualify as a
witness under local law. Assuming
that he does qualify, then the court
still must weigh the particular cir-
cumstances of the case.

Consider a recent divorce action.
The key issue was whether or not
the husband had gotten drunk at a
certain party. His wife and his
mother-in-law both swore that he
had. Could he summon his nine-
year-old son to swear that he had
not?

The court ruled that he could
indeed call the boy to the witness
stand, because otherwise he would
be deprived of vital corroboration,
obtainable in no other way.

But in another case, the court
decided not to allow testimony by
a 13-year-old girl, already extreme-
ly nervous from the family feuding.

The court noted that the informa-
tion she could give was available
from other witnesses.

The nature of the testimony, too,
may have a bearing on its ad-
missibility. Thus, courts generally
frown on subjecting children to
questions about adultery.

"It is a great wrong to them,"
explained one judge, "not only as
it touches them in their natural
affections, but also as it tends to
destroy their purity of mind."

Even if this kind of testimony is
allowed, it may be received with
skeptism by the court. For ex-
ample, an eight-year-old boy's ac-
count of his mother's association
with another man was held insuf-
ficient, by itself, to establish her
fidelity.

The court said it could not put
that much reliance on the boy's
observation of such a relationship.
